CELEBRATING HERITAGE AND CULTURE

Heritage Pageants is an ultimate international beauty pageant that endeavors to promote Peace, Environment, Tourism, Culture and above all global Heritage (PETCH) from a global perspective. All because we believe, Without Peace, it will not be possible to achieve the levels of trust, cooperation and inclusiveness needed for societies to be resilient to shocks, manage disputes and adapt to changes in their environments.

Environment plays an important role in healthy living and the existence of life on planet earth. Tourism offers great opportunities for emerging economies and developing countries. It creates jobs, strengthens the local economy, contributes to local infrastructure development and can

help to conserve the natural environment and cultural assets and traditions, and to reduce poverty and inequality.

In addition to its intrinsic value, Culture provides important social and economic benefits, culture enhances our quality of life and increases overall well-being for both individuals and communities. Our Heritage provides clues to our past and how our society has evolved. It helps us examine our history and traditions and enables us develop an awareness about ourselves. It helps us understand and explain why we are the way we are.

Understanding this wider perspective, Promoting P.E.T.C.H. the five key agendas, Heritage Pageants beauty pageant was founded in 2011 by Eplanet private limited (Turning Events into Indelible Memories) entity upon the apprehension of the Indispensable rationale of beauty pageants in promoting fundamental global agendas.

"Don't just dream of being happy. Let your dreams unravel happiness in live of those around you."

Heritage Pageants brings beauty queens across various geographical backgrounds towards to a common platform. It gives a life time opportunity to the delegates from the different corners of the globe with different cultural backgrounds to share, exchange, explore, experience and learn from one another. The event also fosters friendship, international understanding and goodwill amongst the delegates. It is an exclusive global platform to promote and foster the understanding of Heritage, Tourism, Culture, ethnicity, human values and Friendship through the event.

The theme of Heritage Pageants is purposeful and meaningful. We promote culture because learning about other cultures fosters understanding. When you learn about another culture, and see why others do the things they do, it is easier to understand them. We too, promote awareness to conserve heritage as we believe it retains our identity. The importance of their preservation stretches beyond their history, attributing more to the unique character and sense of belonging they evoke in our hearts. We want to educate the Miss and Mrs. in these areas and promote a more beautiful society. We bring the world together as one performance of love and joy. In your journey with us, not only you get to travel to tourist attractions, in addition, you will get to learn, sight and feel different cultural heritage.
